

## Valdresekspressen to Lom and Leirvassbu

Valdresekspressen is extended to Lom og Leirvassbu as a summer route from 1. July to 4. september 2016. This enables many new opportunities, i.e. hut-to-hut hikes in Jotunheimen. Now there is no reason to bring a car to the mountains anymore!

### Valdresekspressen to Leirvassbu

Valdresekspressen Oslo-Beitostølen-Gjendesheim is operated by AS Jotunheimen og Valdresruten Bilselskap (JVB) with head office at Fagernes in the Valdres region. JVB also operates MB Bitihorn on the Bygdin lake (Eidsbugarden-Torfinnsbu-Bygdin) and the snow coaches Tyn-Tynholmen-Eidsbugarden and Båtskaret-Bygdin.

Valdresekspressen has up to 8 daily departures from Oslo. In the summer season 3 of these departures are to Gjendesheim. From 2016 one departure is extended to Leirvassbu through Lom plus one additional departure to Lom. Valdresekspressen corresponds with local bus routes to/from Juvasshytta and Spiterstulen at Lom.
